### WHAT IS IT?

*Sharpening Your CoC Program Skills* is an interactive, virtual Training and Question and Answer session about the Continuum of Care (CoC) Program. Participants will be able to access this training using their own personal computers.

The 2-hour session focuses on discussing and answering common CoC Program questions about administering Rental Assistance and Leasing, documenting match and homelessness and other program issues. Join the session to get guidance and helpful hints on how to implement the program well and with ease. You will learn about program requirements that build upon the information already available on the [HUD Exchange](#).

### WHO SHOULD ATTEND?

Agencies that received new or renewal Fiscal Year (FY) 2017 CoC Program funds are strongly encouraged to attend the session. The session is most relevant to those agency staff directly involved with the administration and day-to-day operation of the grant, the financial staff, and those who help develop reports and program policies.
